

Children at Holy Trinity use the Internet on a regular basis as part of their learning. In school, we have regular e-safety activities to remind children of the importance of keeping themselves safe online.

At home, sometimes children can be given unsupervised access to the Internet. This, potentially, allows them to access all kinds of society (both good and bad) and bring them virtually into their homes.

Here are some tips and useful links to help you to keep your children safe online:
