

CHESS CLUB - MONDAY LUNCHTIMES 12.45 – 1.30PM STARTING 16TH SEPTEMBER FOR 10 SESSIONS

Chess is a game of infinite possibilities and has captured the imagination and attention of millions of players around the world since its invention.

Players & Beginners – New Members Welcome

Why play chess?

- As well as enjoyment, chess helps develop concentration, logical thinking and the ability to make decisions under pressure
- Some of the more notable social benefits: good sportsmanship, learning to play with defined set of rules, self-restrain, conflict resolution
- Chess can also help to teach how to win with grace and generosity and how to accept defeat the same way
- Brings together all ages, nationalities, backgrounds and gender

Lessons are adapted to teach complete beginners as well as competent players. During the club the children will be taught using the Mike Basman (International Master) method, which has been developed in Surrey and South London Schools for over 35 years. They will learn about tactics, various openings and endgames. Beginners are of course taught the basics before moving on to the above.

The club also runs a club tournament where prizes can be won.

For further details please contact, Mrs Luca Petre, DBS Checked, Chess Tutor by e-mail: lucapetre@gmail.com.
