## Memories.

At Holy Trinity I have many great memories whilst being here, but these are my favourite ones. In Year 3 we went to Hobblesdown where the class got lost in an underground tunnel. Jack, George, Hadley, Faisal, Harrison C, Harrison CS and me all pretended to be goblins. The class got scared. Another memory, was the teachers post-mortem where Y5 were laughing non-stop. This year Kyara was being sassy to Mr East so he roasted her. Everyone was like Ohhhh (Marcel the loudest). Possibly my most unforgettable memory at HT, was when I scored a hat-trick in a game, we won 6-5.

## **Poem about leaving year 6**

**I remember in year 5 when me and Katie I done a dance,**

**Thinking that we would really impress our class.**

**I remember when Miss Alexander made funny nicknames,**

**like gg for Georgia and Alfronzzo for Alfie.**

**I remember when we spoke as a class,**

**realising we all were a family but with no aunts.**

**I remember when we noticed as a year group we can learn together,**

**although soon we will all have our memories to treasure.**

**I remember when Miss Alexander shouted SHUT UP**

**when Daniel kept on laughing and started to interrupt.**

**I have learnt through all of this that we respect one another and will  
always be undivided.**

**I have learnt that they will always be by my side even if they are not there  
with me.**

**We have changed with our wonderful teachers although sometimes they  
can get quite annoying.**

**We have changed by knowing that together we are stronger and will get  
through more.**

**We have all changed with confidence and knowing we wont be judged in  
our class or year group because we all support one another**

**I will always remember the lovely teachers,**

**Miss Alexander the best though she loves her rests.**

**Mrs.Jules the funny one although she's not very good at puns.**

**Mr.East well he's nice whenever you're on his good side.**

**Anyway,I will miss everyone and I want everyone to know,SEE YA!!!!**

**Abigail Taylor.**

# HOLY TRINITY

A school that makes learning fun!

Over at Bute Road, Wallington, there is a primary school called Holy Trinity which has bright blue gates to make everyone feel welcomed. The exterior of the building has an office which you can sign in and ask your queries to.

One thing Holy Trinity appreciates

is hard work. If you put in effort in your work, you will be put in the Golden Book. Golden Book announces pupils who put in hard work and what lesson they put it in.

Holy Trinity has also raised money for those who are

less fortunate. We waited  
around Beddington Park to  
for the Marsden hospital.

The map of Holy Trinity is above to  
clearly explain where to go if  
you are confused. This will help  
you find where the toilets for example.

Now that you know what  
you need to, see you there.

# My Time at School: A Reflection

Name:

My last day at primary school will be:

Which school year was the best? Why?

Year 4 because Miss Brodie liked my art and decided to submit it to a very popular art competition. This made me really happy because it made me realise that if you put hard work into your learning, it will be noticed.

Who has been your favourite teacher? What makes them the best?

My favourite teacher is Miss Alexander because when I moved into Year 3, I was very nervous and she was very kind to me and made me comfortable around the school.

What has been the best thing about being in year 6?

When moving into Year 6, I thought it would be scary but when we were a month into Y6 I realised it wasn't as daunting as it sounds. Other than that I like the topic which I learnt like the Mayans and Rome.

What achievement are you most proud of?

I am proud of becoming an eco council in Year 4 because it was first chance of being part of something. This was the first because in Year 3 I was new and I arrived just after the election.

Which school trip is your favourite of all time? Why was it so good?

Hobbedown is my my favourite school trip of all time because it reminded me that if I needed help, it would be given and it was my first one.

Which topic that you've studied in primary school would you love to learn more about?

I'd love to learn more about the Mayans because I have never heard about it before and as soon as we started learning about it, I was fascinated.

Rate the fun you had in each school year:

What tip would you give to someone just starting in year 6?

I would give this tip to someone just starting year 6. It isn't as scary as it sounds, just try your best and it will always end up well.

Write your funniest memory of your time at primary school.

My funniest memory of primary school is when we were learning about what breaks words and one of the things was passing words. Then, I asked what it was a weird day and the entire class laughed.

What will you miss most about being in primary school?

I will miss my friends and teachers when moving to high school because I have known them and been with them for a long time.

# My Favourite Memory

Write a recount of your favourite primary school memory. It could be about a school trip, a fun lesson, a visitor or an amazing activity. Explain what happened, when it was and who was there. Don't forget to:

- write about events in chronological order;
- use emotive language to describe your thoughts and feelings;
- include personal or other people's opinions about the event.

I remember the first trip of Holy Trinity I loved was Hobbledown. I had never visited Hobbledown so I didn't know what to expect. We had reached there by coach and everyone was discussing about this trip being their last or fourth time going there. I acted like I was some more but secretly I was excited for the adventure to come. Firstly, we had to be checked in and then we played hide and seek in the slides and play area. After a while, it was time to eat and I was so hungry I could eat the bench itself!

X Lunch time was over and we separated into our groups. The adult who was supervising my group was Emily & we all headed to the sandpit. Green gems were hidden throughout the place and we tried to find them all. Since I had found so many I decided to help those who couldn't. Photographs were taken to capture this awesome memory. This was like an Easter egg hunt but with green gems which was a lot of fun.

Next, we headed to a play area and this was a lot

different to the usual playground. This one had metal  
tubes leading higher and higher off the ground! I got  
scared of getting my leg stuck and that I am dangling in  
mid-air. I took every step cautiously and made it to the  
top - hooray! After that, we took a walk across the  
lush fields and answered a quiz about Hobbledown.  
This trip felt like we were inside the book.

Like I said before, this was a lovely trip because this  
trip reminded me that if I needed help, it would be given.

Today I will share a memory that standed  
in maths when I was doing maths and  
I couldn't see because of my hair so  
I got frustrated so I got the sicissors  
and cut my gringe but left the sides and  
my gringe hair was diagned I learned that  
I should just go to the barbers instae  
of cutting it myself. In my time in holy  
Trinity I have made friends like Algie, Fieldy,  
Maxwell, Rennie, George Zeyd and many more that  
hold more memories

2016-2020

One of my favorite memories is when me and my friends were at the top of the climbing game with the blue ropes and I fell off and I kept slipping my body from one side of my body to the other, it didn't even hurt, when I got to the bottom me and my friends laughed our heads off and then I started to climb back up. Mrs. Cullen asked me if I was ok and I said "I'm fine". This memory was from 2016 or 2017 so when everyone was in year 3 or 4.

Netball tryouts came,  
many expecting game,  
or at least A-team,  
well, I got B-1 team.

Changed positions,  
It was almost my mission,  
to rise to the top,  
so, I didn't stop.

Got an A-team kit,  
I was a 'hit'.  
Soon got a letter,  
It changed me for the better.

That is my story,  
of junior school glory,  
never gave up,  
just needed a little bit of luck!

Dear Diary,

Today was such an atrocious day! I know what you're thinking - why am I writing about an unfortunate memory? Well... it actually ended up as a hilarious incident. Just to let you know it was in the middle of year six. Therefore... without further adieu... let me introduce... my memory.

Across my journey in this school,  
I realised that this memory's cool,  
That day, the sun was scorching,  
And me and Luka were playing,

As we entered the playground, we had a sudden irresistible urge to slide down the equipment. You may be thinking - when did the playground ever contain a slide? At that moment, the ropes were taken off due to the fact it was broken. So we had a clever idea to utilise the ramps as slides. I was persistent to get there first! We started sprinting and our faces exploded with delight as we captured our spot!

We took to our places and started sliding,  
Super excited we were feeling,  
Little did we know, what was right under our nose,  
As the gentle wind blows.

Without any warning, we smelt a dreadful aroma enclosing us! As we stood up, my friends could see patches of green sticking to my back! It was utterly confusing. When did that come on my back! I took off my jumper and was hit by a burst of skunky smell. A trail of poo was scattered across the ramp. Feeling like a imbecile, I started squirting hand gel on it. We soon realised this why many people were pleading for their turn. Embarrassed, I spilt this matter to Miss Smith.

I have learned to always look where I sit or play so I won't get into anymore difficult situations. I have changed by making sure not to slide on poo.

As my journey at Holy Trinity is coming to an end I would like to share how it has changed me and some memories. When I first came to this school I was all nervous and didn't have much confidence in me than I do now this shows that the teacher helped me get my confidence onto a good level. One thing they would always say is to always believe and to always have a good mindset, be confident in your answer you give. Let's move onto the memories now, in 3

Year 3 - My favorite memory in year 3 is going to Hobble Down because we all got to go and have fun / also we had a really good teacher (Miss Alexander).

Year 4 - The fun memory was when we all make the village out of kindle sticks.

Year 5 - On Greek day because we got to try different foods and we got to go outside most of the time.

Year 6 - When we went on a train to this musician for music and when we sound out we got Mrs Jules.

Choir - When we all went to the royal albert hall.

My name is Attalia Egwuatu and I am writing about my experience at Holy Trinity CofE School Wallington.

I came to Holy Trinity from Beddington Infants Primary school and before the move across, I was nervous about starting but the transition turned out easier than I thought. The beginning of Year 3 was fun with Miss Caluya and for Maths with Mr Barnard (even though he left the school), the middle of the year was a bit more filled given the fact that we had a class assembly to rehearse for so that gave me extra activities. I also joined the Art Club school after school because I enjoy drawing, painting and craftwork. By the end of Year 3, I was relieved and felt I had got nervous for nothing.

I was not worried about Year 4 at all and I am glad I wasn't. It was quite enjoyable with Mr Jones as a teacher. Of course, it was a little more challenging than Year 3 in regard to our learning but overall, I had a good time and Mr Jones definitely helped make the work easier. I especially enjoyed World book day that Year because I got a chance to dress up as one of my favourite characters 'Annie' (curly hair and all)

Like in Year 3, I was slightly worried about starting Year 5 because I knew the work was going to be even more challenging than the previous Year, but It turned out to be much easier than I expected. It was hard not to have fun with a teacher like Miss Ugbo. The beginning of Year 5 was easy but towards the end we had a fuller schedule as we needed to prepare for Year 6.

Year 6 started off very smoothly, I was excited to be in my final year of primary school but very nervous for obvious reasons (SATs). I thoroughly enjoyed all the rehearsals for my class assembly which was based around 'anti-bullying', I enjoyed learning the songs and dances too which we performed for the school as well as parents of Chestnut class.

Mr East made it quite difficult not to have a good time with him as a teacher. He told funny jokes all the time and I found him very fair to all the kids. He encouraged me to participate more and I am glad to have had him as my teacher for as long as I did sadly because of covid-19, the year was cut short.

My time in Holy Trinity was truly amazing and I am glad I made the most of it in my own way. I will miss all the awesome teachers especially the ones who taught all my different classes and my friends, but I hope to stay in touch with some of them as we all go on to our various High Schools in September.

Goodbye Holy Trinity and THANK YOU for all you taught me while I was there.

CHESTNUT CLASS

Dear Diary

My first day of my new school. I was absolutely terrified until I met a girl called Freya she is really sweet and pretty. She showed me around the massive school building during break time which my class thinks is the best time of school (also lunch time yum). First Freya showed me around Beach class because that's our home class. She showed me where to hang my coat and bag also she showed me how the desks open. Then after showing me beach class she told me a little bit about our teacher Miss Saluja. Then she showed me through Popular class with Mr Barnard. After showing me around the last Y3 class Freya she showed me around the Y4 and Y5 classes Hazel was so big to me because I was so tiny and the teacher was called Miss Jones last she showed me around the Y6 classes. They were so big- bigger than Hazel class. After showing me around the whole school building she showed me around the playground and she showed me the Ys area and told me to be careful around the Y6's because they are very rough and big! she also showed me the cube and told me about the rules on how to play on it after that she told me about the playing equipment (tenis racets, footballs and more) last she showed me around the gazebo!

I have learnt that this is not so scary as I thought and my thoughts have changed alot!

Holy Trinity was really fun I can't  
believe we joined when we were young.  
funny things: I remember in year  
3 I fell and did a forward roll.  
I was never alone Holy Trinity felt  
like my second home. I wish  
I could say "hi" but now I have  
to say good bye. I will never forget  
this place because of the meals I  
taste. I had really fun my friend  
ship will never end.

Holy Trinity Memories =

My time at Holy Trinity has had lots of memories involved with many people. I wouldn't have wanted a better four years. One memory was the time I went to the football match at Wembley stadium and we made paper airplanes to see who could get it the furthest. Another memory is when some of us went to the Royal Albert Hall for choir. Another is when we went to the Science Museum for a school trip. One more is on a special day and the teachers dressed up for different jobs. This school never let me feel alone and I'm glad to call it my second home. I remember when I came to say my first hi but now I have to say goodbye. Thank you Holy Trinity!

23.6.20

I remember in year 3 (2018) we went to huddle-down and I found dark, dusty tunnels under the playground and everyone didn't want to go in but me and Faisal did. After we went in everyone screamed because we said "There's a goblin." really loud so everyone ran to the teachers, we all ran out. All the tunnels were at least 10m long. This whole journey was impeccable even Miss Ealaya Mr Barnard and Miss Alexzandra loved it. Over the years I have learnt to help others and to be more imaginative. I have changed but not being rude and to be respectful.

# My Time at School: A Reflection

Name: Darcy

My last day at primary school will be:

Which school year was the best? Why?

Year 5, as we finished off the year properly and we had lots of gun days and trips out. I also started to play with other people that year.

Who has been your favourite teacher? What makes them the best?

Miss Alexander was my favourite teacher because she always had gun things planned for us and was a gun teacher.

What has been the best thing about being in year 6?

Getting to be a role model to all of the other years and teaching the year 3's more about the school.

What achievement are you most proud of?

I am proud of representing the school in our netball matches and being able to play.

Which school trip is your favourite of all time? Why was it so good?

My favourite trip was hobbledown because it was a gun day out and there were lots of things to do and everyone enjoyed it.

Which topic that you've studied in primary school would you love to learn more about?

Dinosaurs and fossils, space and evolution are the topics I would love to learn more in depth as I found them all very interesting.

Rate the fun you had in each school year:

What tip would you give to someone just starting in year 6?

Enjoy the year while you can as it's your last year in Holy Trinity. Also be a good role model to the younger years.

Write your funniest memory of your time at primary school.

I remember in year 3 when it was our first children in need day and everyone went crazy with buying so many sweets and cakes. Then we all had a sugar rush.

What will you miss most about being in primary school?

All of the fun activities and I will miss my friends.

# My Holy Trinity memories. ♡

In P.E. when we were playing dogs ball someone threw the ball at my face. I only had a nose bleed a crotch a bit miss alex zana took me to the eyes and they agree me a nose bleed told me to sit out of P.E. when I got home I saw dried up blood on my face then my sister came up and said my crotch is coming down and when he got he we started play sinking he threw me on the floor and I got a nose bleed again. The next day at school me Jann Kare-I was practicing gymnastics a show and I sang really loud next to a teacher that was the funnest time I ever had in holy trinity.

## **Year Six Leavers 2020**

**Our final year in Holy Trinity  
But we were unable to enter the vicinity  
Home schooling became the new norm  
The coronavirus was kicking up a storm  
Our school year 2020 will go down in history  
We are the year six students that will always be a  
mystery  
We missed so much and everything we was unable to  
touch  
I wish everyone all the best  
We was lucky we didn't have to sit the tests  
We never got to finish our last school year out all  
together  
But I will remember Holy Trinity forever

## My favourite memory

*My favourite memory in year 5 was one day when we was when we went to the science museum when Miss Alexander and Miss Jones was racing up the pull up thing, it was really funny and I was thinking 'oh my goodness who will win? I hope it will be Miss Alexander! This is so funny' I was feeling happy but awkward since there was other children from other schools and random kids watching. It was so funny. Miss Alexander said she felt really happy and had so much fun. Other people (in my school) was thinking that it was really funny.*

*My favourite memory in year 6 is when it was near home time we was playing silent ball and Zeyad threw it and it hit Nora on her head then it bounced on the wall then on her head again it was so funny even Nora laughed oh my goodness that's a memory. I was feeling happy because I was laughing and others opinions were so simular to mine.*

*My favourite school year is year 6 because I experienced new things and like lock-down and new learning I also feel like year 6 is amazing because I got to have Miss Alexander (again) :) on my last year. And I am gonna Miss Miss Alexander because I will and she was my first teacher and last :( in this school*

*My favourite teacher ( I have 2 or 3) the first one is Miss Alexander because she is kind and the best (the only proper teacher I've had) she just makes this school special and I'm going to miss her alot! The second teacher is Mr Bowly because he is funny and makes alot of jokes and stories up and it is just funny. And the last one is Mrs Gilbert because she helped me in Elsa and was really supportive. She also had no dad like me and I just felt not alone about it. Also Mr Grey because he is Like Mr Bowly and had a really funny story from when he was 5! Thats all the teachers.*

READ BEFORE: This is a poem  
of me acting as Helen of Troy  
in a class assembly

## Helen of Troy!

This is the memory,  
of a girl called Emily,  
Who acted as Helen of Troy,  
She was a beautiful girl,  
With dark brown curls,  
Who went between two boys,  
This story starts,  
With a girl whos won lots of hearts,  
She was with the king,  
But wasn't in love with him,  
The king was mean,  
The king was selfish,

Why didn't the prince realize,  
Inside a horse of that size,  
They were plotting plans,  
To destroy that man,  
Then in the middle of the night,  
When no one was in sight,  
The king crept,  
Whilst the prince slept,  
And killed him,  
(The king didn't sin)  
He grabbed the women,  
And said, 'come on!'

! Holy Trinity Memories!

What has my time at Holy Trinity been like?

Well it's been really great!

I could not have asked for any better 90 people to be with.

The time we went to Hobbledown,

The time we went to the Royal Albert Hall,

The time we did the Mexican Wave,

They have all been really great!

But specifically the time,

We all moaned about making a rhyme.

I never felt alone,

But now I have to go.

Thank you so much Holy Trinity,

You really have brought out the best in me.

I remember the time I came here and said hi,

But now I am really sad that I have to say goodbye.

## My memories at Holy Trinity:

During my time at Holy Trinity, I have experienced a lot of amazing things. My teachers are the main reason I am the person I am today. I have met new friends, joined many different clubs and also succeeded in the things I do. Most importantly made a lot of memories. Some these are:

In year 3, we went to Hobbledown for our school trip. One of the places we travelled to were the bouncing pillows so all our class went on them. There were a few young kids and one of their Dads was beginning to get annoyed at us as there was so many of us. Miss Alexander did nothing about it.

My memory from year 6 is when it was evacuee day and got one of our tasks was to go in the hall as a year group and experience V.E day ~~altogether~~ group. There were 3 different activities drawing, decorating cookies and dancing. After each class had completed the tasks, we did a massive year group Hockley Colley and it was really fun. I enjoyed my time at Holy Trinity.

From Evie Pine class

The My HT memory (Part 1)

I remember at the start of '84  
We had a night,  
A not so scary skeleton night?  
We thought it had red eyes,  
It wasn't throwing pun pies,  
Was it moving today?  
We have to get away,  
Turns out it wasn't real,  
It wasn't a big deal,  
But it comes with a price,  
Well we got told off,  
We would probly be laughing  
nice. (Fern + Chestnut)

I loved the trip to hobbledown in year 3 ,I climbed really high and could see far in the distance .

I was chosen to go to an England football match ,it was so exciting and the stadium was very bright and huge .

I enjoyed the science museum ,I learned a lot from there ,lots of activities.

I really wanted Mr Henshall as my teacher in year 6 but was really happy to get Miss Alexander again as she was my favourite teacher .It was so good when I got to try on police gear when they visited to talk about careers .

I will miss Mr Henshalls high fives ,and how Miss Alexander got excited at my story writing and encouraged me all the time .

I will miss everyone at Holy Trinity .

Finley Taylor-Smith

In year 3 we went on a trip to

hobby-down, I remember this because

we played hide 'n seek. In year 5

we went to the mission, I remember this

because we got to see lots of cool

Dear Diary,

It was midway through year 4 and Mr Jones (our teacher) took us to the beach it was called north hampton So first we got onto the coach I was next to brooke we played some things like rock paper scissor also tic tac toe It was about a hour drive but once we got there all of the kids went rushing off. we walked down to the beach and people started taking their shoes off but then they realized the rocks really hurt so everyone put back on their shoes and walked down to the water but I didn't I ended up crawling down to the water crawling back up we all got hungry so we wanted to have our lunch. While eating a seagull stole a child's sandwich we all laughed but then it was time to go back to school. we got onto the coach some kids even fell asleep on the coach!

6 or 4 was my favourite year

Because I had really good teachers both my main teacher and my maths.

My favourite school trip was + I obbledown because there was alot of fun things to do like the tunnels in the massive playground and the bouncy pillow thing.

I here will be one thing ill miss about being here is seeing everyone everyday

In Year 3 out of 5 I would rate it: 2 Stars  
Year 4: 5 Year 5: 4  
and Year 6: 5.

Some skills Ie learnt I can now write very neatly. + I can have good football skills

Mr East,  
And Mr Jones  
because they were both funny and they helped me alot with the skills I have today.

There's only 1 thing I want to learn more about and thats World War 11 because its was really fun and interesting to learn about

MY MEMORIES

See you soon

George F Holly

What a year its been

Although the worlds been mean

I may shed a tear tomorrow

And be a little sorrow

I missed out on some maths

And didnt do my SATs

Learning could be hard

But I've come very far

Since pandas in year 2.

Me and my friends have come through

From playing silent ball

And having assemblies in the hall.

I will always be loud.

And have a big mouth

George Cole will be tall

And Hadi will be small

We may be done.

And our time may be up

We will be in our hearts

And not in our garts

## The memories of Year 6

What a crazy year it has been for us

From getting on the bus

For school trips

To learning from home

Not seeing friends

Playing silent ball with the class

Running around on the grass

It's been really hard

We have all been scared

From one normal school days

To packing up our trays

The crazy school trips

And funny school clips

We never knew how quick the end would come

It will be hard to mend

I remember the fun lessons in school

And going to the pool

Playing hide n seek it with Holly

Waiting for the fruit trolley

I remember George being very loud  
You could always hear him through a crowd  
Miss Bricks favourite name was Billy  
We all thought it was really silly  
When you would bump your head  
The red nit letter of dread  
This has been the best and worst year for us  
We certainly won't forget it

# MEMORY

It was the day when the netball letters went out. I wasn't interested at first but all my friends were doing it so I decided I would try. I had never played netball before so I didn't think I would be on the A team. At first I didn't get the rules but after a couple of weeks I learnt how to play. The teachers were calling out the names and I was on the A team playing centre. I learnt you should try new things.

## GROSS COUNTRY RACE

When I received the letter about participating in the cross country race I was thrilled, mainly because we would go against other schools, when we got to the field we were shown the race track. Once we warmed up we went to the starting line and we did a bit more stretches, I was anxious but also eager at the same time about winning the race for my school. Although I did not win the race it was a proud moment for me as it was my first time representing my school.

My favourite years

fun

My favourite trip  
was Hobbie down  
because people get stuck  
in the tunnels

One other memory is when  
we went to Hobbie down  
and people got stuck in the tunnels

Memory Lane

I remember when we went hobbledown and got trapped in a tunnel year 3  
I remember when we read kindlekrax and then built a city from the story theyre was a goblin in it. year 4  
In Science we made volcanoes and then made them erupt. year 5  
I remember when Mr East used to roast marcel when he was being funny. year 6

Since I come to  
holy trinity I learnt  
to gain confidence.

This is my silly memory to remember. I remember in the first week of Year 3, when I was still getting used to the school. I didn't know what the Netball court was (as I wasn't into any sports at the time). I had no idea what the Year 6's were doing with the ball. I was playing tennis with my friend, the only sport I knew how to play, then I hit the ball across the court. As I looked across it, I saw kids running and yelling so I started to panic. Although, at the time, I always got myself to do silly things. I made the bold, yet stupid decision to walk across the court! I made it halfway, until I heard the sound of a football being kicked. I realised, this sound was just a few meters away from me. At that moment, I knew I had messed up. A huge football, that wasn't soccer, went flying into my face. It really hurt! I had now learnt that you should never play tennis anywhere near the court, or even attempt to walk across it! Otherwise, you will suffer the consequences! That has got to be my most funny yet embarrassing moment at HT. I can now see, being in Year 6, how stupid that was, as I play on the court.

### Favourite teacher

After very careful consideration (for all my teachers were great) I have to say my favourite teacher is my favourite teacher because he was really quite funny.

### Best thing about Y6

There wasn't much to pick from so I chose the wandle trip - it was the only school trip this year.

### Achievement

I am proud of getting into King's collage and my art this year.

### Favorite School trip.

My favourite school trip was the one to the science

museum because in the wonder lab, there was a giant plasma ball. If you put your hand on it, you could zap people. Me and Harrison Carter just made Thor jokes while doing so.

### Topic I'd like to learn about.

I'd like to learn art and P.E.

### RATE The years

I was not around in reception or Y1 sooo...

Y2 - ★★★★★

Y3 - ★★★★★

Y4 - ★★★★★

Y5 - ★★★★★

Y6 - ★★★★★

### Advice

Make a good impression on the teacher.

### Funniest Memory.

I can't remember if this was Y3 or Y4 but a storyteller came in and some of us could play the characters. In one, Marcel put his hand up before she had even finished saying what the role was. The role was a fairy. Marcel got dressed in a fairy suit.

### What I will miss

My friends and my teachers.

### Back My favourite Memory

My favorite memory is when we were on a school trip to Hobledown (Y3) and we were going onto the giant swing. Some people sat in a circle inside it and others were outside pushing the swing. After we had all had a go, most people felt incredibly dizzy. It was funny though, because I got to watch my friends stumble around like drunks.

### Reflection

My favourite school year was Y4 because: a) we were not the youngest in the school anymore (being youngest is hard don't you know) and B) I didn't need to worry about the 11+

In Holy Trinity I've learnt alot.  
They helped me improve my knowledges,  
I've had lots of memories,  
Like the time I drew on stone age boy.  
I will miss the School,  
And my friends,  
But it's time to make new ones.  
You taught me to succeed,  
Farewell Holy Trinity!

By Jack.w

In **Year 3**, my favourite memory was going to Hobbledown and going through the metal tunnels that were in the air, when my shoe got stuck. We collected crystallites from the sand pit/maze, we went on the scribblers trail and the climbing frame at the end.

In **Year 4**, my favourite memory was going to Hampton Court Palace and going around the different towers and looking at old things from the Tudor time.

In **Year 5**, my favourite memory was going to the Science Museum and getting a fake electric shock from a tube that came down from the ceiling and looking at an explosion made by hydrogen

In **Year 6**, my favourite memory was when we did WW2 day at school and made t-shirts for our teddies that we brought in, we also made carrot biscuits and listened to a radio station from WW2.

## My Holy Trinity memories

During my time at Holy Trinity I have gained confidence in my learning. The teachers and staff have helped me learn new things in Maths and English and other subjects but more on the Maths and English side. I have loved my time here at Holy Trinity.

Holy Trinity has provided me with so many opportunities like going to the football match at Wembley and getting in netball and playing with the team. Also playing with other schools.

My time at Holy Trinity has been super fun. I have loved every single minute at Holy Trinity. I will miss every teacher here.

The memories I have created during my time at Holy Trinity will be cherished forever. Some of these are going home down and going to school trips.

From Jayna

<p>Yr4. When Mr Harry picked me up when I tried to tackle him and I was still trying</p>	<p>Yr5. When I kicked a football at an open goal and I missed and the ball soared 6 meters above the goal</p>	<p>Yr6. When we went on the river Wandle trip and I sank more than knee deep in the mud and I kept on getting told off and I also found an adorable Caspian Echidna in the water but unfortunately it wouldn't come all the way out of its shell (me 8})(it ._. "I'm hungry")</p>	
<p>Yr4. When a huge flock of pigeons dive bombed me for my food and I had to duck under a wave of pigeons</p>	<p>Yr5. When Ms Jones showed us the Victorian cane in the cupboard (shh its a secret!)</p>	<p>Yr6. When we got to go to the lab and I got- - - - - and I got to eat special school trip bread sandwiches B D</p>

From my time in Holy Trinity I have learnt lots of things. I have gained confidence from doing lots of shows in choir, I have made lots of friends that I am sure I will be friends with when I am an adult. As well as this, Holy Trinity has helped me get into Wallington County Grammar school! In my time here, I have achieved lots of different things and I truly believe it's been a success.

Here is one of my memories at Holy Trinity. In year 3 we went on a school trip to Hobbledown. There were these underground tunnels that my class went in and when we had to go around 10 people were lost in there. My friend and I had to go in there to find them. After around 10 mins, we finally got everyone out of the tunnels. Then we went to a place and got lolly pops because we sound green jims; we used them to get the lolly pops. This has changed me as I have learned to listen more often and to be kind to people by helping them out.

Throughout my time at Holy Trinity I have made a lot of new friends. I have also learnt A LOT of new stuff!

That was my memory!

I REMEMBER in year 3 when we went to Hobbledown together. I REMEMBER when we searched for green gems in the sand for a lollipop.

I REMEMBER in year 4 me and 2 of my friends created a show and put it on for the class.

I REMEMBER knocking one of their wigs off and laughing so hard we were crying. I REMEMBER of accidentally

I REMEMBER in year 5 when I was chosen by Mrs Smith to help write a song using our school values: LOVE, INTEGRITY, DIGNITY, LEARNING and CONFIDENCE. I REMEMBER the joy on our faces when the whole school learnt the song.

**I REMEMBER** year 6 not being as great as we had expected. We remember seeing past year 6 children doing performances and having assemblies but we could not say we had the same experience as them. Although year 6 took an unexpected turn we will still hold on and cherish it. Some of my memories are:

- Getting Miss Alexander twice in a row.
- Learning with resilience even when things were bad
- Dealing with the virus but making it fun by playing 2 m games and walking around the classroom with soapy hands.

Thankyou Holy Trinity ♥

## Primary Memories

During my time at Holy Trinity the adults have really made my confidence grow. If you are reading this it's just letting you know I will truly miss you. The memories I have created during my time at Holy Trinity will always be cherished. Some of these are my best memories when I was in year 3 when we went lockdown and Miss Alexander let us take one of the green stones home we had so much fun this is probably my best trip. I remember when we played PE together in year 6 I will always treasure this because we may not see them again. When I was at netball training I really did think I was going to be in B team but I persevered and trained hard and became GA in A team this is a wonderful memory which shows confidence. My time at Holy Trinity has been incredible I wish you all the best in High school and an amazing time I will miss you all. I hope to see you all sometime soon!

Love love is good to share

The more we do it the more we care

We brought A lot of love to school

And loved our new school rules

School school is great

But sometimes we need a break

I loved the time we laughed and laughed

Can't believe this time has passed

Its crazy to see how time has changed

There is not much time to remain

I will tresure our memories from start to finish

My favourite subject is english

This time at holy trinity has been a success

Now it is time to rest

Bring peace to the world as we start a new year

As it is nearly here

I love my teaches

They are true nice leaders

Thanks to Mrs Jules

As she taught us all the rules

Thanks to Miss Alexander

She's definetley not a demander

Thanks to Mr East

As he makes sure everythings complete

Thanks to Mrs Gruffydd

For never letting us to mischeif

Thanks to all my friends

So sad that this is how it ends

Thanks to Sienna

She really was my centre

Thanks to Annabelle

She brought me out of my shell

Please help for love to follow

Even though it might be hard to swallow

## MY FAVOURITE MEMORIES

year 3

*In year 3 we went to hoppedown we went to the bouncing pillows then a man got angry hat apparently it wasn't fair that we went on it at the same time as his sun it was so funny.*

The next day miss Alexander was showing the class how to hop and she FELL [we were scared to life ] then she left so we started .

year 4

We went to hampton court it was miss Smith's birthday [26] she went to the kitchen she had to brake the weet. It got every were .

year 5

We were doing the stain glass window and I was putting glue on, I accidently put glue on my finger then I ripped the glue off and it ripped my skin off it was so hurt . Then I got it on my clothes I just left it to dry then I peeled it off that is when I got a massive hole in my school skirt.

## YEAR 6

When carer started I was so afraid of losing my gran and pare so I freaked out and didn't speak to any one and. So after a week I spoke to my mummy so I told her she understood what I was telling her, [ my granpare isn't doing very good at the minute ].

## THE TEACHERS

MISS ALEXANDER , you helped me when i was in year 3 it was a fun year you are currently helping me now in year 6 thank you so so so so much for helping me thro most of it all .

What advice would you give to your future self?

Work hard!  
Heir.

Work on doing your dream

until you get

I remember when someone started crying so I ran to the toilets to get tissue and ran all the way back as she sob.

Marcel had a toy and it got stuck in the tree and lots of people started to help to get it down.

When we were in year 5 the year six's had a wedding and everybody was trying to see what happened.

Which school trip is your favourite of all time? Why was it so good?

Hobble down because people got stuck under the tumblers

Rate the fun you had in each school year:

Write your funniest memory of your time at primary school.

I remember when Marcel had to wear feebly wings in assebally.

Memories

Which school year was the best? Why?

I think year 4 was the best because all the lessons were fun and Mr Jones was funny.

What tip would you give to someone just starting in year 6?

The teachers are'n't scary just don't be annoying

What is one rule in your life that you will always try to follow?

To always follow your dreams.

If you had the power to change the world, what would you do to make a difference?  
I would make steps! I would make steps for autism and for taxosum

Dear Diary,

One of my memories from year 3 was quite horriying at that time, but now I just laugh about it. It was P.E and Mr Stratan, who was the P.E teacher, blew the whistle and we started running, sprinting even from a blue gate all the way. I felt determined to make it to the wall first, but then I saw someone over take me and I tripped over their leg, (not naming anyone.)

My heart stopped at that moment as I began falling. I fell lip first, without my hands saving me. My top lip was bleeding and I instantly started crying. Traumatizing I know! Miss Smith (the teaching assistant) helped me up and brought me to the office. The office called my mum and she came immediately, I went home looked into a mirror and saw that both of my front teeth were cracked! From this I learnt that I don't always need to win, but loosing helps me learn from my mistakes. Its not the end of the world, and this is how I changed.

Thank you for listening to my year 3 memory.

This year I have learnt the following:

It's just like swallowing  
I had the chance to acknowledge  
for the greater good of college  
I will miss Holy trinity

It was an eternity  
of meeting new friends  
It would never end 😊

This was the place where I met  
my best friends

yes you can have sun  
but you must get your work  
done!

my teachers have guided me  
so I can be a better version  
as I can be!

## My memories by Matthew Black

I remember going to the science museum, it was a very enjoyable and interesting trip. I also remember going to Hobbled Down. Over the three years, I have learned how to learn faster and to be more thoughtful of other people. I would miss my friends and playing football with them. By the end of year six, I learned the harder we or I worked the happier, happier time we had. I have learned to have integrity and everywhere and every second.

holy trinity will always be in my thoughts.

From learning english and maths,

and not getting to do our SATS,

We'd never believe it would come to an end,

With all the memories we've shared with our friends.

Playing outside with our class,

running around on the field grass,

Watching my friends growing so tall,

and me still staying very small,

Running around on the netball court

and going inside ready to be taught.

Staying inside for four months straight,

and not being able to walk in the school gate.

Going to sleep for the night,

Waking up to do learning on a website.

Doing the same things over again,

clicking and clicking a school pen.

Not being able to go on the residential trip,

Rewatching the funny school clips,

## Leavers Poem

School trips and silent ball,  
I know that I will miss you all,  
How quickly time went by,  
Looking back it's hard not to cry,  
Fun lessons and jokes in class,  
Running on the field grass,

Times have changed now,  
Since Covid-19 hit,  
Things aren't the same anymore,  
And I'll miss them quite a bit,  
The world has changed around us,  
Sometimes too much to bare,  
Everything is different,  
But a speck of normal is still there,  
Zoom calls and face masks,  
Canceled labs, home learning tasks,

Time will go by,  
But the memories live on,  
We may be leaving soon but we're never truly gone.

What can i say about the time at Holy Trinity,

The time when we went to hottedown and  
Someone got there foot stuck in the net.  
The time when we went to the Roye  
Alburt hall and all did the mexican way,  
well that was just great!!! The time when  
we went to the science museam and  
Someone tripped over a step. The time  
when all the teachers dressed up as

## My time at school

In the time I've spent at holt trinity school I have way too many memories to write them all down, but I do have a few good ones that make me smile

## Sports days

My memories of sports day are fun, challenging and team work. Last year I came second in my race so this year I was hoping for first place. The funniest part of the day has to be the teachers race it's just so funny to see. Borough sports days were cool because we got to watch other schools and compete with them too. Holy trinity had a lot of sport activities for everyone

## School trips

School trips are epic and the ones I remember are Hobbledown when we had to use maps to find the animals, science museum in London was amazing and I never knew how fun science would be.

## Best year & teacher

Year 5 & year 6 are my favorite years and I can't choose between them both. Year 5 because I really liked Miss Ugbo and a memory I have was always watering the cactus that she brought in.

Year 6 started off so good, Mr East is so funny and he makes the whole class laugh. Art with Mr East was brilliant because we got to sketch all types of things and I enjoy that. I like maths and I'm pretty good at it, wouldn't you agree Mrs Jules?

## What I will miss

I am going to miss Mr East funny jokes,  
football at lunch with my friends and  
walking to and from school as in high school  
I will be taking the bus ,

# My Time at School: A Reflection

Name: Ryan

My last day at primary school will be:

Which school year was the best? Why?

I think year three was the best because we went to Hobble Down and it was fun to have a change of school.

Who has been your favourite teacher? What makes them the best?

My favourite teacher was my year 3 teacher and year 6 maths teacher called Miss Alexander. She is good because she's kind and funny.

What has been the best thing about being in year 6?

Being an example to everybody and have them look up to you. Also having a chance to be in the football team.

What achievement are you most proud of?

Getting into the football team and having the best costume in year 6.

Which school trip is your favourite of all time? Why was it so good?

Hobble Down was my favourite school trip because it was our first one at Holy Trinity.

# MEMORIES by: Sam Wenham

In year 6 during a lesson a sticky man fell off the ceiling which was funny.

I remember in year 5 and 6 we played Silent ball and Daniel kept on getting hit on the head with the sponge ball.

Holy Trinity has taught me a lot. It has been lots of fun from the beginning all the way through. Some of my favourite memories include the teachers doing the show and when on Greek day I beat Faisal in the race by a second. Another great memory was when Me, Joe and Alice were in Ht's got Talent with Lean on Me. My time here has taught me all the values and more.

Thank you teachers for helping me when I need it.

My time here has been great.

Seb

As my journey at Holy Trinity comes to a close I would like to go over my best moments from each year.

Year 3- Hobbledown- We played in the adventure sandpits and tunnels, we found the Krystalites and had such a great time.

Year 4- Kindlerox- Kindlerox was a book about a monster. It was amazing! The best part was when we got to recreate the village out of boxes.

Year 5- Greek Day- This was so much fun as we got to try greek food, have a mini greek olympics and act out old greek scenes- it was so much fun!

Year 6- The Train- We got to go on a train! It was so much fun as we had never been on a train as a class. We went to see an orchestra which was so cool!

How it improved me- When I joined the school I only play with a few people but now I play with a lot of people.

## Swathi

During my time at Holy Trinity, I have learnt many different things from the most inspiring teachers! One of my <sup>favorite</sup> parts in this school <sup>is</sup> netball. In this club, Mrs Jules has been very encouraging as she always pushes us to do our best. Ms Alexander is also a great teacher in netball, maths and just in general. She always corrects us so that we don't make the same mistake the same mistake! In maths, she is a marvellous teacher as she teaches us that there are many ways to answer a question and what is the correct way to do it. ~~she teaches~~ ~~us that there are many ways to answer a question~~ ~~and what is the correct way to do it.~~ Mr East is a humorous teacher! He always jokes around and makes us laugh all the time! I love how he knows most of the movies that we mention all the time. Ms Willis has taught me many fascinating facts about running and cross country. When I was in Year 2, I saw a lot of Year 5s helping out at our Sports day and I was really proud that was one of those who helped out last year. Also, when I was in Year 3, I had a ~~year~~ a Year 6 buddy who had introduced me to the school and talked about what they did and I am now super duper proud that I had an opportunity to have a buddy. When I started this school, I was really nervous but now I am really confident! At the beginning of Year 6, I remember that Mr East was doing the register and he asked me how to pronounce my surname even though he had taught both my brothers! Holy Trinity is amazing! They always make us do our best!

## Holy Trinity Memories

During my time at Holy Trinity I've turned into a half-smart kid that means kind of smart. All of the teachers have helped me become how I am today. I will miss all of my friends VDS with all of my heart because we've had so many good times. All of my memories are so special. Some of these are, the time the whole year went hobbles down and Miss Alex Sander told us to take the green gems so no-one in the other class couldn't find them. In year six we well some of the whole school went to the Wembley stadium for football and all we cared about is throughing crowplans to see whos gose further down the stadium.

# My Favourite Memory

Write a recount of your favourite primary school memory. It could be about a school trip, a fun lesson, a visitor or an amazing activity. Explain what happened, when it was and who was there. Don't forget to:

- write about events in chronological order;
- use emotive language to describe your thoughts and feelings;
- include personal or other people's opinions about the event.

When we was at primary, all the boys were playing  
it to the courts and going to the school and the  
ones that were our best friends at it go.

Thank you, really
