

## Year group feedback February 2021

### Hello Year 5!

It's been lovely to seeing you all 'virtually'.

You've done so well with new routines and adapting to lockdown life. Most of you are returning your work to a good standard and we're very proud of you.

This is what we think has been going well and what we'd like to you to focus on next:

<b>What you are doing really well:</b>	<b>To be even better we'd like you to:</b>
Keeping a growth mind set for online learning.	Have your cameras turned on at all times if possible and be somewhere quiet so you can hear clearly.
Turning in most of your learning on time.	Learn to upload photos of work (especially handwritten pieces)
Helping others when they need it.	To check and edit words in a document that are underlined in red or green (usually indicating grammar, punctuation or spelling is incorrect)
Being polite and engaged during our Google meetings.	Only use messaging when specifically asked by the teacher.
Answering questions and giving input during our Google meetings - this is so important!	
Being cheerful and ready to learn.	

### Next half term:

- We will continue to meet you twice a day through our Google Meets.
- We will continue to set you high quality remote learning daily.
- We will be setting daily arithmetic with 3 self-marking quizzes per week to provide you and us with instant feedback.
- You will be receiving log in details to a programme called Spellzone where we will set you weekly activities and you can work on your own personalised spelling programme.
- We will be showing you how to access a website with additional reading books you can access and read online.

### Some useful reminders:

- Please remember to get some fresh air each day and have time away from the screen.
- Please remember to look after your mind by doing things you enjoy such as colouring, dancing or being creative.
- Please remember to read for 20 minutes per day and record it in your homework diary.
- Please remember to check the power points, videos or resources added to the daily learning to support you with your independent work.
- Please remember if you want to ask us something, you can write a comment in the comments box and we will see it and reply.

**Have a lovely half term!**

*With best wishes, from Miss Alexander, Miss Clark, Miss Foster and Miss Jones*
