Dear Parents/Carers,

21st March 2022

The River of Hope worldwide art-based project.

To celebrate the Queen's Platinum Jubilee celebrations, Holy Trinity is going to take part in a worldwide arts-based project to show the importance of safeguarding the future of our own natural environment.

The project theme considers the environmental impacts of river pollution on a river's ecosystem. 'Rivers around the world are polluted by waste from homes, industries, farms and boats, when sewage, rubbish, chemicals and factory waste are deliberately or accidentally released into them. This can kill animals and plants and makes the water too dirty for people to use further downstream'.

We are asking the children to create an imaginative piece of artwork in the form of a self-portrait to express their commitment to the environment. They will need to use either natural or recycled materials and their portrait must be no larger than the size of an A4 piece of paper. The artwork will need to be brought into school by Monday 28th March to meet entry deadlines. Further step by step instructions can be found in their Google Classroom.

Two hundred of the artworks created will be printed onto silk flags and will be processed as part of The Queen's Platinum Jubilee Pageant. In addition, there will be an online gallery to display all the artworks from around the world.

We look forward to seeing the art and design skills used to create their final pieces.

Have fun!
